Dragon's Dogma Online A fantasy open-world RPG where you can fight together with other players in both traditional and asynchronous multiplayer. Huge Many-Layered Dungeon Exhibiting a Variety of Game Elements Dragon's Dogma Online features very detailed dungeons with complex and three-dimensional designs. A variety of skills that you can learn on your journey will allow you to explore every corner of the different dungeons in depth, and you will be able to increase your knowledge of the games' universe. Playing Together in Global Online Collaboration Online collaborative play is a method in which players can play together in an all-out war against a monster. Online collaborative play is, for example, featured in the "War" and "Knight" dungeons. In addition, in the "Siege of Giants" dungeon, you can fight other players by placing thievery traps around the dungeon. A Huge and Moving Story Dragon's Dogma Online takes place on the islands of Fafnir. After a great curse falls upon the world, monsters began appearing and the land became a battleground. In order to break the curse, the player with the greatest ability will rise to play the part of a dragon god. The new character customization system lets you freely combine the weapons, armor, and magic that you equip. The player determines the development of their character according to their play style.

The player can develop their character to be stronger, learn a variety of skills, or master magic. Game Features ■ A Massive World The game has a height of over 1,500 meters, and a surface area of over 400 square kilometers. ■ A Variety of Monsters In the game, there are over a hundred thousand types of monsters. In addition to dragons that appeared when the curse fell, you'll find a variety of monsters including Ice Dragons, Giants, Knights, and other units. ■ A Variety of Skills You can learn a variety of skills such as building on the ground, archery, heavy armor, hunting, and magic. Each skill can be developed in various ways, and improves various aspects of the character. ■ A Unique Online Play Multiplayer can be played either in a traditional way or in an asynchronous online collaboration mode. Through asynchronous online collaboration, players can fight together against monsters, thieves, and other players in a more intense conflict.
